- A **10%** monetary penalty will be added to late payments received after the first day of the month. We recommend setting up automatic e-transfer payments through your financial institution to avoid late payments and extra fees.

Please fill out the Session Change Form by the 24th day of the preceding month that you would like the changes to take effect. Failure to give sufficient notice will result in the following administration fee:

- If the Session Change Form is submitted after the 24th day of the preceding month, the administration fee will equal **25%** of the club's lost revenue resulting from the change.

Cancelling Your Group Training Subscription:

If you wish to cancel or pause you or your child(ren)'s monthly training subscription, ***please fill out the Session Change Form by the 24th day of the preceding month***. Failure to give sufficient notice will result in the following administration fee:

- If the Session Change Form is submitted after the 24th day of the preceding month, the administration fee will equal **50%** of the club's lost revenue resulting from the change.

If you would like to resume your group training subscription, please fill out the Session Change Form again and make your first month payment (along with a new \$35 deposit).

Makeup Session Policy

Every Tri-CHAMPS athlete is currently entitled to one makeup session per month. If you or your child(ren) miss a session for any reason, please contact the lead coach of the workout to arrange a makeup session. Athletes are welcome to drop in to any other scheduled workout within their program that has space.

To reduce confusion, we kindly request that athletes use their makeup sessions within two weeks of the missed session (either before or after). Athletes cannot stack makeup sessions over multiple months, and any remaining makeup sessions will be forfeited if the athlete cancels their membership.
